AUTUMN 2019 WINE CLUB ALLOCATION

ITALIAN VARIETAL WINE
FIT FOR THE MOST
MEMORABLE OF OCCASIONS

For us, September marks the beginning of the holiday season. We invite you to experience the season with BOTTAIA wine, from an autumn soirée to your Thanksgiving table. Our Italian varietals thrive in the decomposed granite soils and warm climate with cool marine air in the evenings of our Temecula estate. Created to pair and complement holiday cuisine, our wines will serve your celebrations (and guests) well. Shop the full portfolio of wines online at bottaiawinery.com or at the winery. BOTTAIA Wine Club Members save 20% on all wine every day of the year.

A LETTER FROM THE TEAM

Dear Members & Friends,

Can't believe a year has already gone by. Seems like yesterday we were opening our beautiful new winery. It's taken us this long to take care of the little issues that invariably come with a new property. We appreciate your patience and your suggestions.

Here's a funny story: Very soon after we opened last year, a fellow (yes, he'd had a couple of Montepulcianos) wanted to bet me that we'd be broke by Christmas because of our insisting in controlling the door. Most of you signed up because, unlike most of the other wineries, you liked that we maintained control over the crowds. Knowing this, I asked him to pull out his check book and write a number and we'd have a bet. Wisely his wife talked him out of it. Pity because we'd been able to throw a nice party, on him.

Meanwhile our winery has received critical acclaim from the tourist press and local folks alike. The wines are darned good, the view unequaled in Temecula and the ambiance is, oh, so pleasant. Our servers have done a great job of learning what makes these wines unique and special, and sharing our story with you. Thanks to all of them.

At the pool, we've had a nice summer and look forward to many more weeks of warm weather and lots of fun with friends and loved ones. We thank all of you for the support of this unique feature so rare for a winery to have.

This year the vineyards look awesome and we are preparing for a great 2019 harvest. By the way, for those of you that liked the Nero d'Avola, we have re-grafted and replanted several acres, and we should have some ready to taste by 2022. Meanwhile our Sagrantino may surpass both Nero and Montepulciano in smooth power and finesse. I'm betting the '19s will be legendary like the '97s and the '11s. Only time will tell.

Thanks for the support and we look forward to seeing you all on the terrace.

Cheers,

JAYNA VIERECK
